

You are shifting to another country. Write  
a letter to your bank to cancel or shift your account  
to that nation

---

Dear Sir or madam,

XX

I am writing this epistle to inform you that  
I want to shift my savings account bearing  
number XY2001 to Vancouver where I am  
migrating next month.

XX

Of late, I got to know that your bank has  
~~opened~~ opened some overseas branches including  
Canada so, please let me know if you have  
any facility in downtown where I am  
shifting because I would be having some  
international transactions which I ~~have~~ want  
to continue from your branch only. I have  
been patronizing your services for the last five  
services and I am very satisfied from them.

XX

Moreover, if all my debit and credit cards  
would work there or do I need to upgrade  
my account. If there is no such feature  
provided by you then tell me the formalities  
to cancel my account. As I am very short  
of time so in this case I would withdraw  
all of my amount. I am eager to ~~be~~ be  
associated with you with any banking facility  
you may provide to your international customers.  
Looking forward to hear from you.

Thanks
