Entrepreneur .	

Today people are dependent on social media to cure
therapies?

1st para

The craze of social media among people to chat is understandable. But to trust on multiple sites for cure of any disease is not suggested. I advocate that such way of therapy has detrimental effect on human body.

Positive

⇒ pocket friendly
⇒ cure - quick idea
⇒ information - rise
⇒ home - remedies

always secure

People buy

S.M - Never give any tough & prescribed doctor's cure

→ No time consuming

⇒ chronic disease
↓
no cure
⇒ no treatment - epidemic
⇒ Not treated - surgery
Nick of time - cure

not helpful

→ unauthenticated sites

⇒ wrong information - chances more

→ cues - for all type of

* fatal disease

* same cure

sites

* can put - negative

* viewers unprofessional.

Negative

MUSIC

- With the passage of time music plays a role in the life of an individual has not ended. But today the quality of music has diminished which is not acceptable.
- Dream of every person that kind of thing which cannot be expressed in any language.

SKT - 4
PAGE - 8

* To sum up, I believe it a colossal effort is required of public & govt. so the demand of pure music can be accomplished. The strict action should be taken to bring back the quality of music.

Importance of music

- Stress buster
- ~~Rejuvinate~~ Rejuvenate mind & body.
- change.
- break monotony.
- open path to career
- Link with religious values.
- way to express emotions
- It is irrefutable undoubtedly
- It can not be denied.
- It is undeniable.

Condition of music in contemporary world:-

- Reason of noise pollution
- Not aesthetic.
- Vulgar.
- commercial
- No division of good & bad singer.
- Sam, Dick & Hassey Singers Musician
- Music started lullaby of mother
- Today it is found in the feet of bare girls. ~~It has given~~ ~~it~~ help.

Visitors - Migrate - New Nation

Follow Culture of country he migrated
OR

- Country should follow the culture
- Visitors can easily blend with the society
- It reduces racism and social barriers
- It brings harmony among nation and people
- Visitors will learn new customs and new cultures
- They follow local custom. They will be given warm welcome by host
- He will not face Xenophobia.

Country

Intro → It is noticeable that people travel more frequently these days than past. But I believe that traveler should follow the culture of the host country

To sum up, I believe that it could be beneficial for traveler to get exposed to different culture and customs. If he will follow the native culture of host | native country.

Society is in pain to overcome from it. The involvement of students in social work is mandatory.

I advocate

with the statement

<u>Voluntary work</u>	<u>Social work</u>	<u>Teach moral values</u>	<u>Make an intruder</u>	<u>Cleed - Extravert</u>	<u>Spendthrift / Extravagant</u>	<u>Make couch-potato house prostate.</u>	<u>Not social/helpful.</u>	<u>Falls into evils</u>	<u>Drug intoxication</u>	<u>Understand</u>	<u>Others' pain</u>

Unpaid work

Today many

Social organisations

open

Mother Teresa, Bla bla

and

Need new volunteers
so they can some

forward

Take a charge to
run such
organisations

Worldwide

To sum up

There is need to have
a colossal efforts by
teachers and parents
such social activities
because the part of
such social activities.

humanitarian

Children

- learn new things.

- win souvenirs
- Extrovert.

- Become better

Human.

- Get rid of
downiness.

→ Develop personality.

- Contribution in
country's progress

In the wake of Technology, traditional skills should not be kept alive. To what extent do you agree or disagree?

No doubt Technology wings around the world	Traditional skill Unique Identity nation	Tourism country rises with such	However, Hereditary skills not cope with Modern world	To sum up, I believe having traditional skill means a lot for denizens nation
But still it advocates such work of art the empowerment has symbolic significance of traditional skills is irrefutable.	employment-generate old skills new must give grant to skillful people as they are pride of the nation.	long lasting skill underdeveloped country becomes developed such skills local production rises dependency on others nation product	Slow, time consumption barries of them outdated boring and less decorative such produced products can't match with Modern thought such skill with multiple ways	hand to encourage product and free from burden from machine
