apps are female oriented

What are the reasons? How can balance

To day, variety shows and movies have become popular among people. Daily soaps are a family drama theme based-focus shooting and for multi-
age female actors do not have much time to shoot and for multi-character roles TV daily soaps do not just focus among housewives.

but inequality is seen in male and female roles

Popular among housewives much stress

develop similar life style through TVCaps short and interesting talent

Movies - multi roles - male actors dominate female

due to this the female actors too agree

So? How can balance be made?

No female actors do not/ cannot give much time to shooting and for multi-character roles

TV daily soaps do not put much stress

movies - multi roles - male actors dominate female actors

There is a need to balance the roles of both genders in daily soaps and movies.

Females are equally talented and prove themselves

To sum up, I believe there should be no discrimination in assigning the male and female actors, both are needed male hero & really talented TV soaps - themselves actors,

Comic books are harmful or haswelt

Introduction Hawself

Since ages, books are considered to be the best friend of human as such comic books are one type of book which cannot be harmful.

- Good amusement source
- Children can become more imaginative as they enter in new world.
- Comic books also boost creativity in children.
- Reading skill of children which is undervalued by them can be polished by the help of these books.
- These books give knowledge of animation world.
- Leisure time can be spent as qualitative time by pupils as they can learn basic lessons of life. These are none other but moral and ethical values.
- These books can also act as global icon as they get fascinated from characters of these books.

Harmful

- Children get distracted from their studies.
- Waste time
- It's like extra expenditure sometimes.

To sum up, personally I believe that comic books have ~~disadvantages~~ ^{advantages} which make this category book more safe for children rather than detrimental.
